WINE BOTTLE DISPLAY

FOR DISPLAYING A SINGLE WINE BOTTLE

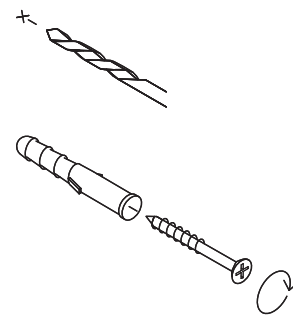

ALWAYS CHECK THE WALL WITH A SUITABLE DETECTOR BEFORE DRILLING TO ENSURE THERE ARE NO ELECTRICAL CABLES, WATER PIPES OR OTHER CONCEALED INSTALLATIONS BEHIND THE FIXING POINTS. THE WALL PLUGS AND SCREWS SUPPLIED ARE SUITABLE FOR STANDARD MASONRY WALLS ONLY. FOR PLASTERBOARD, CONCRETE, TIMBER OR OTHER WALL TYPES, ALWAYS USE FIXINGS SUITABLE FOR THE WALL CONSTRUCTION.

THE INSTALLER IS RESPONSIBLE FOR ENSURING THE WINE RACK IS SECURELY MOUNTED.

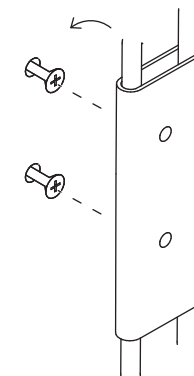

1.

PLACE THE POSTER ON THE WALL, MAKE SURE IT'S ALIGNED STRAIGHT, MARK THE DRILLING POINTS, **REMOVE THE POSTER.**

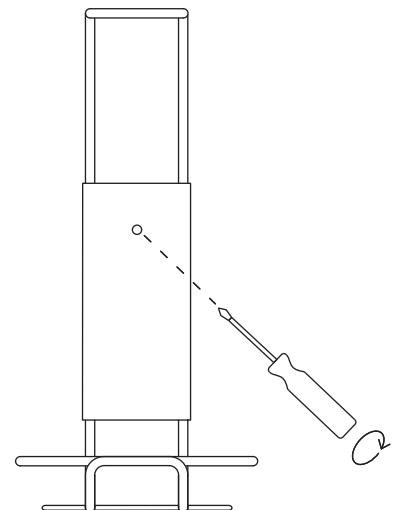

2.

DRILL Ø8 MM HOLES AT THE MARKED POSITIONS AND INSERT THE SUPPLIED WALL PLUGS AND SCREWS, LEAVING THE SCREWS SLIGHTLY LOOSE.

3.

HANG THE WINE BOTTLE DISPLAY ON THE SCREWS.

4.

CHECK THAT THE BOTTLE DISPLAY IS PERFECTLY LEVELED. TIGHTEN THE SET SCREW USING SCREWDRIVER UNTIL THE RACK IS SECURELY FIXED.
